EDUCATION

Bachelor of Mathematics
Málaga University, Spain

- Probability & Statistics
- Linear algebra
- Optimization
- Stochastic Processes

CERTIFICATIONS AND PROFESSIONAL DEVELOPMENT

- **Data Science Carrer Track** (In Progress)
DataCamp | 2026

SKILLS

- Python
- Numpy
- Matplotlib
- Github
- Pandas
- Basic SQL
- Jupyter Notebook
- Matplotlib

LANGUAGES

- **Spanish** - Native
- **English** – Currently working towards B2 proficiency

Mikel Briz Descarga

Mathematics Student | Aspiring Data Scientist

PROFESSIONAL SUMMARY

Final-year Mathematics student with a strong quantitative and analytical background, focused on Data Science, Machine Learning, and applied statistics. Constantly learning Python, SQL, and data analysis through independent, project-based learning. Interested in building data-driven solutions that connect mathematical modeling with real-world decision-making.

WORK EXPERIENCE

Private Mathematics Tutor

September 2023 - March 2026

Málaga, Spain

- Delivered individualized mathematics lessons to primary and secondary students
- Developed strong communication and problem-solving skills
- Adapted teaching methods to diverse learning needs

Hospitality Assistant / Waiter

June 2020 - August 2024

Summer work

- Collaborated with team members to ensure high-quality customer service
- Developed strong organizational and interpersonal skills

PERSONAL PROJECTS

Data Analysis Practice Repository

- Practical data analysis exercises and case studies developed as part of continuous learning through DataCamp and self-study
- Applying data cleaning, exploratory data analysis, and visualization techniques using Python, Pandas, and NumPy

Machine Learning Projects (In Progress)

- Currently developing practical projects focused on data analysis, machine learning, and predictive modeling using Python.
